

LANIER

MP 400 I / MP 500 I

Customised multi-tasking
communication centres

High performance black-and-white document handling

Taking office productivity to a whole new level

The powerful, black-and-white multifunctional Lanier MP 400I and MP 500I raise the bar for office productivity. Upgradeable and customisable, they combine straightforward document and device management with high performance and simple operation. In addition, various scanning possibilities enable you to communicate information throughout your office in a snap.

MP 400I

- High output speed: 40 ppm
- User-friendly operation
- Wide range of customisation possibilities
- Variety of finishing options
- Standard colour scanning

MP 500I

- Maximum productivity at 50 ppm
- Straightforward and intuitive
- Unique and custom-made
- Versatile finishing
- Standard colour scanning

LANIER

Run your business efficiently, today and tomorrow

To meet both your current and future demands, upgradeable office equipment is essential. The Lanier MP 400I and Lanier MP 500I help you stay on top of the game. They are fully customisable and offer numerous benefits to increase your productivity.

- All-in-one: print, copy, scan and fax from one device.
- High productivity at 40/50 black-and-white pages per minute.
- Standard paper-saving duplex capability.

Exceptional productivity

Your meeting starts in 5 minutes and you still need to create a few copies of an extensive report. The Lanier MP 400I and MP500I give your productivity a boost and set your mind at ease. They produce output at a rapid 40/50 pages per minute, with equal duplex speeds. Waiting time is further minimised with a fast 13-second warm-up and a first copy speed of 4.1/3.5 seconds.

Multifunctional wizards

Printing, copying, faxing or scanning, all can be done from one office device. Network connectivity is wide, so these office hubs can be smoothly integrated into your existing network. They come with all the tools for efficient document management and advanced device monitoring. The handy 'mail to print' feature, for instance, directly prints out e-mail attachments without requiring a printer driver.

Tailor-made efficiency

The MP 400I and MP 500I can be customised to your exact requirements. Build the system that perfectly suits your needs.

LANIER

Smart tools to optimise your entire workflow

Creating an efficient office workflow entails more than making a simple copy or printout. That is why the Lanier MP 400I and MP 500I focus on user-friendly operation and professional finishing. Easy document distribution and advanced security have been thought of as well. Everything you need to stay in the lead for years to come.

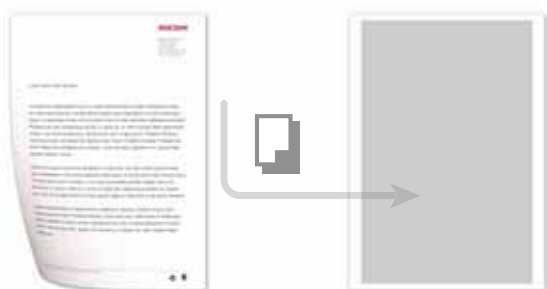

Unique colour scanning & distribution

Save time and costs by distributing your information digitally. Send scanned files directly by e-mail or to a dedicated network folder. Or reduce network traffic with 'scan to URL'. The Lanier MP 400I and MP 500I take distribution even further. Send colour documents as e-mail attachments by combining 'scan to e-mail' and 'colour scanning'.

Professional faxing

- Automatically distribute incoming faxes to e-mail or folder.
- Transmit faxes directly from the convenience of your own PC (LAN fax).
- Reduce costs by using the Internet for long distance faxing (Internet fax).
- Virtually eliminate the costs of sending (long distance) faxes by transmitting fax data over the IP/VoIP network (IP fax).

Copy Data Security Unit

Essential security

To protect your business, the Lanier MP 400I and MP 500I are equipped with state-of-the-art security measures. These include data encryption, IP filtering and various types of authentication. The Data Overwrite Security Unit erases the temporary data on the Hard Disk Drive. Documents protected with a watermark are greyed out when copied on devices with the Copy Data Security Unit.

LANIER

Expert finishing

For that professional touch, the Lanier MP 4001 and MP 5001 put a range of finishing options at your disposal. Simply add the 1,000-sheet finisher or 3,000-sheet finisher and produce your own presentation material, reports and handouts. High quality booklets are easily created with the 2,000-sheet booklet finisher.

Easy operation

- The 8.5-inch full colour touch panel provides increased usability and accessibility.
- The simplified display shows only your most frequently used functions.
- In case of irregularities, animated user guidance helps you find a quick solution.
- The easy handling paper trays facilitate replenishing paper.

Wide media versatility

The MP 4001 and MP 5001 support a variety of paper formats from B6 to A3. You can even print on thick paper up to 220 g/m² to create report covers and flyers. The vast maximum paper capacity of 4,400 sheets makes sure you can effortlessly handle larger jobs. No need to waste time on continuous refills.

At the forefront of eco care

Like all Lanier products, the MP 4001 and MP 5001 reflect Lanier's commitment to the environment through:

- the usage of toxic free materials,
- energy-saving toner production,
- standard paper-saving duplex capability,
- extremely low power consumption,
- clean and quiet operation.

LANIER

COPIER

Copying process:	Single laser beam scanning & electro-photographic printing
Copy speed:	40/50 copies per minute
Resolution:	600 dpi
Warm-up time:	22 seconds
First output speed:	4.1/3.5 seconds
Memory:	Maximum: 768 MB + 40 GB HDD
Paper input capacity:	Maximum: 4,400 sheets
Paper output capacity:	Maximum: 3,625 sheets
Paper size:	A5 - A3
Paper weight:	52 - 220 g/m ²
Dimensions (W x D x H):	670 x 677 x 910 mm
Weight:	Less than 85 kg
Power source:	220 - 240 V, 50 - 60 Hz
Power consumption:	Operation: Less than 1.5 kW

PRINTER

Print speed:	40/50 prints per minute
Printer language:	Standard: PCL5e, PCL6 Option: Adobe® PostScript® 3™, IPDS
Resolution:	Maximum 600 x 600 dpi
Interface:	Standard: USB 2.0, Ethernet 10 base-T/100 base-TX, Option: IEEE 1284/ECP, Wireless LAN (IEEE 802.11a/g, WPA support), Bluetooth, Gigabit Ethernet
Network protocol:	TCP/IP (IPv4, IPv6), IPX/SPX, AppleTalk
Supported environments	Windows® 2000/XP/Vista/7/Server 2003/Server 2008, Novell® NetWare® 3.12/3.2/4.1/4.11/5.0/5.1/6/6.5, UNIX Sun® Solaris 2.6/7/8/9/10, HP-UX 10.x/11.x/11iv2, SCO OpenServer 5.0.6/5.0.7/6.0, RedHat® Linux 6.x/7.x/8.x/9.x/Enterprise, IBM® AIX v4.3/5L v5.1/5L v5.2/5.3, Macintosh 8.6 or later (OS X Classic), Macintosh X v10.1 or later (OS X native), SAP® R/3® (3.x or later), mySAP ERP2004 or later, NDPS Gateway Netware 5.1 (SP8 or later)/6.0 (SP5 or later)/6.5 (SP3 or later), IBM® iSeries / AS/400 using OS/400 Host Print Transform

SCANNER

Scan speed	Full colour : Maximum 39 ppm B/W: Maximum 69 ppm
Resolution:	Maximum 600 dpi (TWAIN: 1,200 dpi)
Original size	A5 - A3
Bundled drivers	Network TWAIN
Scan to e-mail	SMTP, TCP/IP
Scan to folder	SMB, FTP, NCP protocol (with login security)

SOFTWARE SOLUTIONS

SmartDeviceMonitor™, Web SmartDeviceMonitor™, Web Image Monitor, DeskTopBinder™ Lite

FAX (OPTION)

Circuit:	PSTN, PBX
Compatibility	ITU-T (CCITT) G3, ITU-T (T.37) Internet Fax, ITU-T (T-38) IP Fax
Modem speed	Maximum: 33.6 Kbps
Scanning speed	56 cpm (A4/SEF)
Memory capacity	12 MB standard, 44 MB max.
Memory backup:	Yes

OTHER OPTIONS

2 x 550-sheet paper trays, 1,200-sheet LCT, 2,000-sheet LCT, 125-sheet one-bin tray, 1000-sheet finisher, 3000-sheet finisher, 2000-sheet booklet finisher, 2/4 switchable hole punch, Bridge unit, DataOverwrite Security Unit, Copy Data Security Unit, HDD Encryption Unit, File formatconverter, Browser unit, Key counter bracket, Counter interface unit, Scanner Accessibility Unit, 2nd Super G3 port, Console, Professional software solutions
